Presentations via Scientific Workplace:

1) From **File Menu + New** , select **Other Documents + Slides + SW Slides.**
This opens a Presentation Styled .tex document.

2) However, the default orientation is portrait. You should select

Typeset Menu + Options and Packages

  i. **PaperSize**   + **a4**
  ii. **Orietation**   + **landscape**
  iii. **Babel Language**   + **Turkish**

After this the default page style is rotated (landscape) a4; and the second Babel language is Turkish.

You can now start to prepare your presentation in SWP.
